Kay Bennet Staeding

Bachelor of Science in Computer Science
at Leibniz University Hannover

Am Freihof 2
30952 Ronnenberg
M *+49 172 6758348*
E *kaybennet.staeding@gmail.com*
gh *kaybennet*
in *kay-bennet-städing-04ba08418*

Education

Oct 2026 - present **M.Sc. Computer Science (intended)**, *Leibniz University Hannover*

Oct 2023 - Sep 2026 **B.Sc. Computer Science**, *Leibniz University Hannover*
GPA: **1.5**
Bachelor's thesis: „*Improving Prior-Guided Bayesian Optimization through Revisited Decay and Rejection Mechanisms*" (Grade: **1.0**)
at Institute for Artificial Intelligence and Data Science
Focus: Artificial Intelligence, Data Science, Machine Learning, Tutoring

2014 - 2023 **Abitur**, *Matthias Claudius Gymnasium, Gehrden*
GPA: **1.4**
Focus: Mathematics, Chemistry, English, Physics, History

Professional Experience

Apr 2026 - Sep 2026 **Tutor - Programming II (Java)**, *Leibniz University Hannover*

Oct 2025 - Sep 2026 **Tutor - Fundamentals of CS (C and Python)**, *Leibniz University Hannover*

Oct 2025 - Mar 2026 **Tutor - Human-Computer Interaction**, *Leibniz University Hannover*

Nov 2024 - Mar 2025 **Tutor - Fundamentals of Digital Systems**, *Leibniz University Hannover*

Apr 2020 **Document Management Assistant**, *Hannover Re*

Skills & Competencies

Coding Experience Python, TypeScript, Rust, C, Java

Tools / Frameworks React, PyTorch, Pandas, Jupyter

Languages German (native) · English (fluent, C1) · Spanish (basic, A2)

Projects

2026 **Prior-Guided Bayesian Optimization Extensions**, *Personal project*
Implemented adaptive decay and rejection mechanisms for prior-guided BO
Python, PyTorch · private repository

2025 **Full-Stack Sports Tracking Application**, *Personal project*
Ambitious web based project for sports progress tracking with its own custom API
Rust Backend, ReactTS Frontend, Use of AWS Services · private repository

2024-2026 **Numerous Machine Learning Projects**, *Personal project*
Custom Neural Network, Chess Playing AI including GUI, Crossword-Generator, etc.
Rust, Java, Python · private repositories

Additional

2023, 2024, 2025 Scholarship - Landesstipendium Niedersachsen

Hannover, 2026
